Notable features:

Boyd Street is old and has houses of various styles built along it. This group is rehabilitable and should be so treated.

Environmental context:

Lots at numbers 1002-1006 have been cleared; there are none vacant in the remaining six houses. Lots are also cleared opposite at 1008-1016. Due to cleared lots, small size of lots, vacancies and interspersing of garages, this seems a good potential interior area to be redesigned for parking. It is convenient to east end of the Market and has two streets, Boyd and Mt. Clare, for distribution.
